

TARUN KUMAR

Python Developer | AI/ML & Automation
+91 9027806285 | tarunsinghchaudhary@gmail.com | linkedin.com/in/heytarunkumar

SUMMARY

Entry-level Python Developer and B.Tech graduate in Computer Science & Engineering (AI & ML) with hands-on experience building Python applications, machine learning systems, APIs, and data-driven projects. Skilled in Python, OOP, Data Structures & Algorithms, Flask, Streamlit, MySQL, and Git, with a strong foundation in AI/ML libraries. Seeking an entry-level Python Developer role to build reliable, scalable software solutions.

SKILLS

Programming: Python
Core CS: Object-Oriented Programming, Data Structures & Algorithms, DBMS
Python Development: Flask, Streamlit, REST/API Integration, PyPDF2, pyttsx3
Databases: MySQL, RelatioSnal DBMS
AI/ML: Scikit-Learn, TensorFlow, XGBoost, Random Forest, SVM, Neural Networks, SHAP, SMOTE
Data & NLP: Pandas, NumPy, NLP, Emotion Detection
Generative AI: OpenAI API, Gemini API
Tools & Platforms: Git, GitHub, Google Colab, Google Cloud, VS Code, Jupyter Notebook

PROJECTS

AI-HealthGuard - Ischemic Heart Disease Risk Prediction System Jan 2026 - Apr 2026

- Built a Python-based ML system for heart disease risk prediction (UCI Cleveland dataset); benchmarked XGBoost, Random Forest, SVM, and Neural Network models, achieving ≥90% accuracy and AUC ≥0.90.
- Applied SMOTE and StandardScaler preprocessing to address class imbalance and improve model robustness.
- Integrated SHAP explainable AI for feature-importance analysis and personalized prevention reports.

AI-Powered Mental Health Chatbot Jun 2025 - Oct 2025

- Built a conversational AI app using Python, NLP techniques, and OpenAI/Gemini APIs with real-time emotion detection and context-aware response generation.
- Integrated text-to-speech output and deployed the chatbot via a web-based, user-facing application.

PROFESSIONAL DEVELOPMENT & LEADERSHIP

Cyber Security Job Simulation - Deloitte via Forage May 2026

- Analyzed web logs and authentication activity to identify and document suspicious behavior through practical incident-investigation and defensive security scenarios.

Student Chapter Chairperson - GeeksforGeeks Campus Apr 2025 - Sep 2025

- Led coding workshops, hackathons, and technical sessions for 100+ students focused on DSA; mentored peers on internship prep, resumes, and interviews.

EDUCATION

B.Tech - Computer Science & Engineering (AI & ML) 2026
G.L. Bajaj Group of Institutions, Mathura | 74%

Class XII - PCM + Computer Science 2022
Jaypee Vidya Mandir, Anoopshahr | 84.7%

Class X - CBSE 2020
Jaypee Vidya Mandir, Anoopshahr | 82.4%

CERTIFICATIONS & ACHIEVEMENTS

Claude 101 (Anthropic) • Cyber Security Job Simulation (Deloitte via Forage) • Ethical Hacking Workshop • Robots & Automation Webinar • FinXthon (Project Contributor)
